🔗 Portfolio

SUMMARY

Frontend Engineer with production experience in React and Next.js, recently expanding into backend engineering with Go, PostgreSQL, Docker. Shipped 50+ production features across web and mobile applications with a focus on performance, scalable architecture, and product delivery.

SKILLS

React, Next.js, TypeScript, JavaScript, Go, PostgreSQL, Docker, Zustand, TanStack Query, React Native, Expo, TailwindCSS, Git, Node.js, Express, Prisma

EXPERIENCE

Frontend Developer, MelkPro

08/2025 – 01/2026

Remote

- Built a B2B real estate platform using Next.js 15 and **Expo** for web and mobile applications.
- Implemented real-time notifications with **WebSockets** and Pusher, reducing update latency from ~8s to under 1s.
- Architected scalable state management using TanStack Query and Zustand and developed reusable UI systems with shadcn/ui and NativeWind.

Frontend Developer, Codinoob

02/2025 – 07/2025

Tehran, Iran

- Developed responsive client projects using Next.js and TypeScript.
- Improved API data flow and reduced boilerplate using Redux Toolkit and RTK Query.
- Managed testing and deployments through GitLab CI/CD in Agile workflows.

Frontend Developer, Nilasoft

01/2024 – 02/2025

Remote

- Modernized **Angular** applications using Angular Signals to improve rendering performance.
- Improved accessibility and mobile responsiveness for high-traffic landing pages.
- Integrated Leaflet maps and collaborated on maintaining coding standards across projects.

Projects

Weeto 📄, Scheduling Platform

2026

- Built and deployed a scheduling SaaS using **Go, Next.js, PostgreSQL, Docker, and Nginx**.
- Designed REST APIs for authentication, availability management, and booking workflows.
- Integrated **Google OAuth 2.0** and **Google Calendar API** for calendar synchronization.

Endpoint Forge 📄, Mock API workbench for frontend teams

2026

- **Tenant-based** routing, bilingual landing page, and CodeMirror-powered response editing.

EDUCATION

Bachelor's Degree in Computer Science, Azad University, Karaj

01/2024 – Present

Karaj, Iran
